Comments from riders:

- "Thank you to everyone for a fantastic fun ride. It's the second time we've been and it was great having access to the cross country jumps – especially as there were lots of little ones for those of us who are not very brave over jumps"
- "The ride itself was fabulous, no road work and loads of places to canter. The signs meant you couldn't possibly get lost and there were loads of people helping out on opening gates etc, which made it so much more fun"
